Les simulations Centennales CMIP5 de l'IPSL avec le couplé IPSLCM5A

Les expériences CMIP5 sont décrites officiellement là : [CMIP5 experiment design](#)

Merci d'ajouter là toute simulation CMIP5 centennale avec le couplé IPSLCM5A (toutes composantes activées ou non). La partie Infos pointe vers les wikis de travail à compléter autant que de besoin. Il y a une page wiki par table.

- 17/11/2010 : Figure simplifiée des simulations retenues pour la CMORisation. [en pdf](#) et [en odp](#).
- 15/11/2010 : Figure synthétique des simulations centennales réalisées avec le couplé IPSLCM5A et IPSLCM5A-MR : [en pdf](#) et [en odp](#).

Table 3 : Baseline simulations for model evaluation and for understanding historical and paleoclimates.
