Documentation

Documentation starts [here](#).

Training

You will find information and documents about the training sessions organised by the *Platform* work group [here](#).

Important News

News are sent to the **platform-users** mailing list. Important news are also available [here](#).

Mailing lists

There are two mailing lists associated with the *Platform* work group:

- **platform-users** : Open to every one, inscription [■there](#). This list is meant as a place for all users of IPSL-cmc tools (mainly libIGCM and modipsl) to help each other. These tools are generic, whatever the configuration (LMDZOR, LMDZORINCA, LMDZReprobus, LMDZ, ORCHIDEE, NEMO, IPSLCM5A...). Discussions are open to all and both French and English languages are welcome.
- **esci** : *Platform* work group private list, used to coordinate our work. Open to those who want to take part in the developments.
