

NEMO Developers' Committee

30 June 2021

Topics for next NDC meetings

- Writing the new NEMO Development Strategy
 - We will have meetings devoted solely to that
 - This is efficient whilst we meet remotely
- End of year meeting
 - Review of progress/issues in WGs (not needed – we've just done it)
 - Inputs to Consortium workplan for 2022
 - This will be the third time WGLs have reviewed the annual plan
 - We should reflect on whether that process is working
